DESIGN WITHOUT LIMITS

The World Of Slabs

**1600X  
3200MM**

A black and white photograph of a desolate landscape. In the foreground, a large, highly reflective sphere sits on a dark, rocky ground. A small puddle of water in the lower-left corner reflects the scene. In the mid-ground, a rectangular frame floats in the air, tilted at an angle. The background shows a dark, hilly landscape under a starry sky. To the right, there is a structure made of corrugated metal sheets. The overall mood is surreal and futuristic.
